

Backbone × wordification factorial: F-2 c_v coherence (mean across 6 labelled scenes)
 Green ★ = winner per row; V20 (MI-weighted, label-aware) in bold purple, yellow on dark cells

Source: data/derived/v_sweep/{f2_coherence,hdp_backbone,proldda_backbone,etm_backbone}/ in CAOS_LDA_HSI. Rank of V20 within each backbone row: LDA 2, HDP 11, ProdLDA 4, ETM 3.
